**TechSource, Inc. Awarded Professional Technical Support Services Contract for the Office of Acquisition and Project Management**

*Los Alamos, NM.* TechSource, Inc. is pleased to announce it has been awarded a Technical Support Services contract from the Department of Energy's Office of Acquisition and Project Management (APM).

APM, as lead for oversight of the Department's portfolio of capital asset projects, systematically reviews major projects and develops needed policies and procedures in order to improve the delivery of all capital assets projects. The term of this award is expected to be five years and is valued at \$7.5 million.

TechSource recently completed five years of service to APM and is pleased to provide ongoing support to this critical mission area under this new contract. Services provided by TechSource will include: conducting External Independent Reviews, Independent Cost Reviews, Independent Cost Estimates, and Earned Value Management System certification and surveillance reviews. Additional program and project management support will include: providing expert review and analyses capabilities; providing professional technical support for APM oversight of projects of various size and complexity; conducting data calls and analyzing data, organizations, processes, policies, requirements, guidance, and training; developing benchmarks; performing gap analyses; conducting risk assessment and management; and supporting process improvements.

Founded in 1997, TechSource is comprised of over 500 senior level engineers and industry leaders from the national Laboratories, Federal technology programs, and the nuclear industry. It is recognized as an independent qualified expert whose advice and products are accepted as authoritative.
